Joining a Rang De Chapter

- You can join a Rang De chapter if you are a resident of the particular city and there is a Rang De chapter in that city. The same can be found out on the [Rang De Chapters Page](#).
- Just click on the form link on that page to fill in your details and we will get in touch. The chapter details can be found on the same chapter page.

Creating a Rang De Chapter

If there is no Rang De Chapter in your city of residence/campus/corporate and you would like to create one, please do the following:

- Just click on the form link on the [Rang De Chapters Page](#) to fill in your details. The Rang De team will get back to you. We will connect you to anyone else that is interested in creating a similar chapter in your city.
- The Rang De team will get back to you when there are more volunteers in your city waiting for a chapter to be formed. Typically a group of three or four people is sufficient to start a chapter. There will be a kick-off call to clarify any doubts you have and to interact with other volunteers.
- Alternatively, if you have a group of 3-4 like minded people interested in forming a chapter, it is also sufficient to start a chapter.
- After the call, you can create a Google Group "Rang De <your city> Chapter" to start communicating. Decide on a place to meet the other members in person.
- During the first meeting it would be good to:
 - Allocate responsibilities to people (if they wish to take up any) such as:
 - taking charge of this portal and social media
 - a member coordinator that communicates with everyone
- Create a page on this Facebook for the chapter. The chapter page on website will be created by us.
- Publicise the chapter on social media and start campaigning away!
